INTERMOUNTAIN POWER PROJECT
A DEVELOPMENT OF INTERMOUNTAIN POWER AGENCY

July 15, 1983

Mr. Brent C. Bradford
Executive Secretary
Utah Air Conservation Committee
150 West North Temple
Salt Lake City, Utah 84110

Dear Mr. Bradford:

Intermountain Power Project (IPP)
Revised Request for Information

This is to supplement our letter to you dated June 22, 1983 which was in response to your letter of June 8, 1983 requesting additional information pertaining to issuance of a modified air quality approval order for the IPP.

The enclosed "Position Paper on Utah Review of IPP Permit" and its attachments reiterate our legal position, summarizes the factual basis for concluding that the emission limits in the original air quality approval order still represent best available control technology, explains how the proposed control equipment will assure compliance with those emission limits and responds to certain concerns that have been expressed by interested individuals.

If you or your staff require any additional information, please contact Mr. Roger T. Pelote at (213) 481-3412.

Sincerely,

JAMES H. ANTHONY
Project Director
Intermountain Power Project
